REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the claims are allowable over the prior art of record because the prior art fails to show or suggest, either singly or in combination thereof, a device for tilting chairs, including the details of the actuation device as set forth in the claim, in particular the rocker arm that comprises a lever arm and which swings around a fulcrum and which is elastically deformable due to operation of the control knob, such that the accumulation of the elastic deformation energy in the rocker arm moves the return arm upon the decrease of opposing forces.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
